Subject: Regarding the Research Methodology Course and Advanced Theory Paper for Ph.D. Program

Dear All,

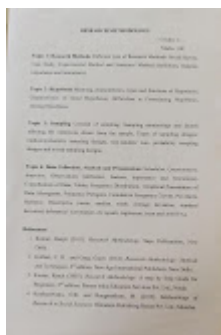

As per the ordinance **OA-19.3 (viii) (Notified on 25th July, 2017)**, “the Research Scholar shall also undergo successfully two theory courses, of 4 credits each, namely, one in Research Methodology and the other in Advanced Theory related to the proposed research work in the chosen field of research. **The syllabus of Research Methodology and the Question Paper shall be prepared by the concerned Department / Research Centre** while that of Advanced Theory shall be prepared by the Guide, which shall be approved by the DRC. Evaluation of these courses shall be by the Guide. These courses shall be completed within one year from the date of provisional registration. The evaluation of the courses shall be as per Ordinance OA–18.6. The Research Scholar shall have to obtain a minimum of 55% of marks or its equivalent grade in the 7- point scale (or an equivalent grade/CGPA in a point scale wherever grading is followed) in the course work to be eligible to continue the Programme. In case a Research Scholar is unable to pass the examinations in two successive attempts, the provisional registration shall stand cancelled.”

In view of the above ordinance, I request all the Ph.D. guides in our Cluster Research Centre in Economics to go through the attached draft syllabus of Research methodology course suggested by Dr. Savio P. Kindly give your valuable feedback / suggestions regarding the same within three days to finalise a common syllabus to be adopted by the Cluster Research Centre in Economics henceforth. However, another draft syllabus submitted by Dr. Christina DeSouza is also attached for your kind reference.

Thanking You.
