Principal's Welcome

“Education is one thing no one can take away from you”

Elin Nordengren

Dear Stakeholders,

Welcome to yet another academic year in this institution of higher learning. Academic year 2024-25 offers exciting opportunities to all our students. Apart from the regular Undergraduate, Post Graduate, Post Graduate Diploma and Doctoral Programs, our college endeavours to impart additional skills to our students. This is done through the Short Term Certificate Courses. I am happy to announce that we have also joined with ITI, Honda to introduce additional Skill Development Courses. This, I am sure will infuse our students with confidence to face the challenges of the present job market. Our College has already implemented the NEP, 2020 from the last academic year and are looking forward to march in this direction keeping in mind the interests of our students. As I extend this welcome, I urge all the stakeholders to join in this onerous task of nation building through access to higher education to our youth.

OVERVIEW

Situated at the junction of two important talukas of Goa viz. Sattari and Bicholim, Government College of Arts, Science and Commerce, Sanquelim, Goa, caters to the higher education needs of students of almost 100 villages and is blessed with the unique distinction of a healthy and delicate blend of the rural and the urban. Established way back in 1988 with a modest student strength of around 300 and a handful of teachers, the College has grown by leaps and bounds. Thirty-six years down the lane, the College today is a hub of multifarious curricular and co-curricular activities with more than 100 teaching staff coupled with more than 100 support staff, security and house-keeping, and students-enrolment crossing 1500, including foreign students! The pristine beauty of the location is harmoniously blended with the additions of space, books, technology and man power to cater to the growing needs and demands of modern education.

Considering the location and the purpose for which this college was originally set up, the efforts are constantly on to be in sync with modern trends in education. The campus is fully networked and has facilities for use of Information and Computer Technology in the teaching-learning process. The college has the State-of-the-Art Smart Classrooms, Virtual Studio, Auditorium, Digital Language Laboratory, Digital Economics-Commerce-Mathematics Laboratory, Girls Hostel, besides providing automated library and gymnasium facilities. The stress is on the attainment of all-round development of the physical, intellectual and moral faculties of the students through wide ranging co-curricular and extra-curricular activities. The college has one qualified Counsellor who provides counselling services to students. The Mentoring System of the college takes care of the individual needs of the students in the college.

Since the needs of society are changing and academic excellence alone is not enough, educated youth are under pressure to discover their potential/talents while pursuing their degree program itself. Hence, various certificate courses have been introduced; competitive activities and training programs are taken up from time to time. A variety of Clubs/Associations organise different Co-Curricular and Extra-Curricular activities throughout the year. The alumni of the college are invited to interact with the students and professionals; and experts visit the Campus to address the staff and students. The IQAD/IQAC of the college supervises the maintenance of quality in all the college activities and makes suitable suggestions for improvements.

A few of the National/State Level recognitions for the college include - The NAAC Accreditation with 'A' Grade (CGPA of 3.17/4.00), ranking among the Top 200 Colleges in India by NIRE, ranking among the Top 200 Colleges in India by India Today Ranking. The college library was awarded the 'Best Library Award' by the Government of Goa in 2019 and ranked 9th in NLIST Online Electronics Services, Gujarat, MHRD, Government of India in 2020. It is also registered for NDLI Club.

The college has worked out MOUs (Memorandum of Understanding) with other

institutes of higher education and agencies/departments for an enhanced teaching-learning experience. One of the proposals is to have Credit Transfers with eminent institutions like IIT, Mumbai in select courses.

The Science departments have well equipped laboratories and lab-staff. The spacious library, with a seating capacity of 150, houses more than 36548 books, 64 journals and 9 newspapers. It is enriched with E-resources - N List, DEL-NET, KNIMBUS, EPWRF Pearson E-books old question papers, project-reports and maps. The library provides book-bank facilities to economically backward students and is fully automated. The Library undertakes training students for Library Science for six months every year. It also provides the service of the Mobile Van Library from Central Library, Panjim, to our students, wherein they can borrow books of their choice.

'Latitude', the hall mark Research Journal of the college with the ISSN 2395- 2520, publishes research articles, reviews and popular readings by the staff of the college.

Apart from an auditorium with a seating capacity of 400 people, the College has a separate Seminar Hall/Virtual Studio, Meeting Room, Conference Room and a Counselling Room. The Sports Department has a Gymkhana with facilities for indoor games along with a well-equipped gymnasium, a qualified College Director of Physical Education and instructor in Physical Education and Sports. The work of developing the college ground and stadium is in full swing and a hostel for international and domestic female students was recently inaugurated in March 2024. The sports persons, NSS volunteers and NCC cadets of the College have excelled at both state and national level events and have brought laurels to the institution.

The College canteen is run by an independent contractor and can accommodate up to 300 people. The college bus with a driver and a cleaner, is used to give transport facilities to staff and students going for field/study trips, taking part in sports and extra-curricular activities outside the college.

We realise that in the modern world, education is no longer limited to lecturing in the confines of the four walls. It is the result of a healthy and harmonious blend and interaction of varied processes, technology and stakeholders. Every step that we take reminds us of our Vision and every effort takes us nearer to our Mission, and striving for excellence becomes a way of life...

A teacher can never truly teach unless he is still learning himself. A lamp can never light another lamp unless it continues to burn its own flame. The teacher who has come to the end of his subject, who has no living traffic with his knowledge but merely repeats his lesson to his students, can only load their minds, he cannot quicken them.
