

		Semester Lecture Plan					
Name of the college: Government College of Arts, Science& Commerce, Sanquelim-Goa							
Name of Faculty: Ms. Alpita Sawant Dessai			Subject: Geography				
Paper code: GOG-211 Economic Geography			Program/Course: S.Y.B.A Minor			Division: -	
Academic year: 2025-2026			Semester: III			Total Lectures: 15	
Course Objectives: . to provide students with a thorough understanding of how economic activities are organized in different locations influencing global, regional, and local environments. Students will explore fundamental concepts, such as the impact of resources on economic development and locational theories guiding industrial choices. The course also covers the spatial organization of agriculture and the dynamics of global trade and connectivity through transportation systems. By the end, students should be able to analyze how economic geography shapes our world and critically assess regional economic planning.							
Course Learning Outcome: At the end of the successful completion of this course, students will be able to: 1. Describe the relationship between geography and economic activities. 2. Apply spatial organization concepts to analyze resource distribution. 3. Evaluate the impact of trade patterns on regional and global economies. 4. Develop insights into the spatial organization of economic activities.
