

		<b>Semester Lecture Plan</b>					
<b>Name of the college:</b> Government College of Arts, Science & Commerce, Sanquelim -Goa							
<b>Name of Faculty:</b> Ms. Shweta Patil			<b>Subject:</b> Geography				
<b>Paper code:</b> GOG-205			<b>Program/Course:</b> Physical Geography of Goa			<b>Division:</b> -	
<b>Academic year:</b> 2025-2026			<b>Semester-IV</b>			<b>Total Lectures:</b> 32	
<b>Course Objectives:</b> This course provides an in-depth exploration of the physical geography of Goa, covering its landforms, climate, natural resources, ecosystems, and environmental challenges. Through a combination of lectures, readings, field trips, and assignments, students will gain a comprehensive understanding of the physical characteristics and processes shaping the region.							
<b>Course Learning Outcome:</b> At the end of the successful completion of this course, students will be able to: 1. <b>Understand</b> the distinct physical divisions within Goa, including coastal areas, plains, hills, and any significant geographical features that shape the region. 2. <b>Compare and contrast</b> the Climate of Goa with that of the rest of the country 3. <b>Identify and analyze</b> the key challenges faced in water management in Goa 4. <b>Develop</b> an integrated perspective on the management of natural resources in Goa, considering the interconnectedness of minerals, forests, rivers, and water bodies, and recognizing the importance of sustainable practices.							
<b>Month</b>	<b>Lectures From:</b>	<b>To:</b>	<b>No. of lectures allotted</b>	<b>Topic, Subtopic to be covered</b>	<b>Learning Outcome</b>	<b>ICT Tools</b>	<b>Reference books</b>
